

Legacy Donor

As we celebrate 40 years of impact, the Women's Business Development Center (WBDC) is filled with gratitude for the incredible supporters whose generosity and commitment have helped make our mission possible. In honor of our 40 and Forward Celebration, the WBDC will launch our new Legacy Donor initiative. This special program is designed to deepen connections with our leadership donors, create meaningful opportunities for engagement, and invite your valuable insights as we shape the future of WBDC.
